

THE DC MODULAR ALUMINIUM SLIDING DOOR

The ideal solution for both cold and hot aisle containment designs. Combining cost effectiveness with ease of installation, the no threshold design eliminates tripping hazards.

Frame components arrive pre-assembled and easily connect to the header rail which secures the assembly together. Integrated slide-locks simplify door installation onto the frame.

A Revolution in Data Center Containment Doors !

The Sliding Doors reduce data center operating costs by improving thermal efficiency and reducing IT equipment intake temperatures, which enhances both equipment life and reliability.

FEATURES

- . Sweep seal and perimeter gasketing provides maximum containment
- . Easy - glide track system
- . The self-aligning doors require no adjustments
- . Inserts range from polycarbonate
- . Exclusive self-closing cartridge converts from manual to selfclosing in minutes
